

**TECHNICAL DATA**  
**GRANULATED PETROCHEMICAL SULFUR**  
**REF. AS-325**  
**TECHNICAL SPECIFICATIONS**

<b>PROPERTIES</b>	<b>SPECIFIED</b>
<b>Ashes</b>	0,03 max.
<b>Sulfur contents</b>	99,6% min.
<b>Moisture</b>	0,30%
<b>Organic matter</b>	0,050 max.
<b>Iron</b>	10% max.

Lab tests have shown that Granulated Petrochemical Sulfur is about 15% more efficient than Powdery (mined) Sulfur, when both are vaporized in the same conditions, due to its high purity and low moisture.

Standard packaging: 25 Kg plastic woven sack, with inner waterproof lining.

For further information on safety precautions for storage, handling and use of sulfur, please consult your local safety and environmental regulations.
